

ITSB CORPORATION

Transformation Engine for
Business, Institutions & Leaders

www.itsbcorporation.com

The Transformation Engine

The Challenges

Technological Disruption

Rapid innovation reshapes industries and business models.

Governance Complexity & Strategic Uncertainty

Evolving regulations and market volatility demand smarter decision-making.

Demographic Shifts

Changing workforce and customer expectations redefine value.

Reliance on "Gut-Feelings" & Lack of Accountability

Subjective decisions and siloed data limit growth and accountability.

ITSB Corporation bridges the gap between current organizational constraints and future-market demands by synchronizing **technology, people, and data.**

The Solutions

Digital Evolution & Acceleration

Leverage emerging technologies to accelerate innovation and operational excellence.

Robust Infrastructure & Agile Leadership

Build resilient systems and empower leaders to adapt and drive change.

Cultural Synthesis

Foster inclusive cultures that blend diversity, purpose, and performance.

Data-Grounded Strategies

Transform data into actionable insights for measurable impact.

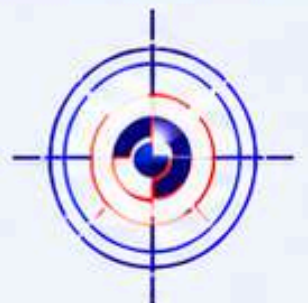

Our Mandate

To bridge the gap between insight and impact. Through a **data-driven partnership**, we build the future-ready strategy you need to turn measurable innovation into long-term, empowered growth.

Our Focus

- Applied innovation
- Capability development
- Data-centric advocacy
- Strategic institutional strengthening

Our Strategic Differentiators

I Integrated Ecosystem

Four units working seamlessly for end-to-end transformation.

M Measured Results

Every program, strategy, and recommendation is data-driven.

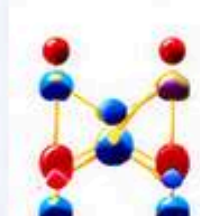

P People-Centric

Focusing on capability and culture as key drivers of transformation.

A Adaptive, Scalable & Sustainable

Solutions designed for long-term institutional impact.

C Cross-Sector Expertise

Bridging government, academia, industry, and communities.

T Transform

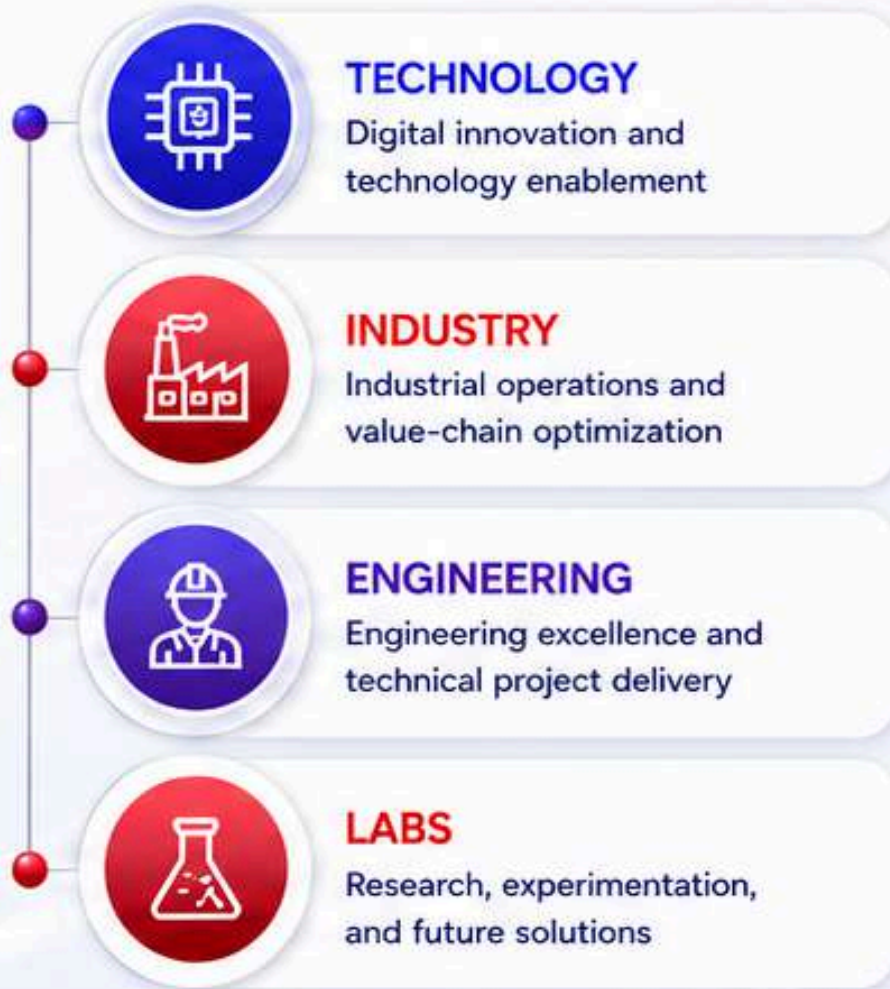

Driving end-to-end transformation by turning strategy into action.

From Insight to Impact

We bridge the gap between current organizational constraints and future-market demands by synchronizing **technology**, **people**, and **data**.

Our Ecosystem

- Powered by Four Connected Pillars

Our Approach

A Continuous Cycle of Transformation

Our Brands

- Specialized Brands. Unified Purpose.

Our Commitment. Your Advantage.

Data-Driven Decisions

Actionable insights that drive measurable business outcomes.

People at the Core

Empowering talent and culture to lead meaningful change.

Sustainable Impact

Creating long-term value for organizations and society.

Future-Ready Solutions

Innovative, resilient and adaptable to tomorrow's challenges.

Our Business Pillars

An Integrated Transformation Ecosystem

Synchronizing **technology**, **people**, and **data** to enable sustainable institutional transformation.

Learning Infrastructure & Talent Development

Building institutional capability through integrated learning ecosystems.

Capabilities

- ✓ Talent Development
- ✓ Learning Infrastructure
- ✓ Innovation Programs

Leadership & Capability Excellence

Preparing agile leaders and institutions to meet future demands.

Capabilities

- ✓ Strategic Leadership Development
- ✓ High-Impact Capability Programs
- ✓ Certifications & Skill Pathways

Strategy & Transformation Advisory

Enabling organizations to navigate change and achieve sustainable performance.

Capabilities

- ✓ Strategy & Transformation Advisory
- ✓ Process & Operational Excellence
- ✓ Governance & Change Management

Research & Insights for Impact

Delivering evidence-based insights to drive informed decisions.

Capabilities

- ✓ Applied Research & Analysis
- ✓ Industry & Sectoral Insights
- ✓ Impact Measurement & Evaluation

CORE TRANSFORMATION DRIVERS

TECHNOLOGY

Driving innovation and operational excellence.

PEOPLE

Empowering talent and building institutional capability.

DATA

Transforming data into insights that drive decisions.

IMPACT

Delivering measurable results and lasting institutional value.

Integrated learning and development solutions that build capability, drive innovation, and empower organizational transformation.

Skilled Talent Pool & Development Center

Developing future-ready professionals through structured leadership, technical, and capability development programs aligned with organizational priorities.

Examples of Programs Include:

- ✓ Leadership Development Programs
- ✓ Core & Technical Competency Programs
- ✓ Talent Readiness & Succession Programs

Our Approach

Our approach is built on four core principles that shape every solution we design and deliver.

People Focused

Research Driven

Impact Oriented

Future Ready

HR One Stop Solution

Providing integrated HR services to support the entire employee lifecycle and strengthen organization performance.

Examples of Solutions Include:

- ✓ Talent Assessment & Psychometric Profiling
- ✓ Organizational Diagnostics & Capability Mapping
- ✓ Performance Management System Design
- ✓ Employee Engagement & Culture Programs
- ✓ HR Policy, Competency Framework, and Career Path Design

Creative & Digital Center

Transforming strategies and insights into impactful visual and digital experiences that strengthen communication and organizational branding.

Key Capabilities Include:

- ✓ Brand Strategy & Identity
- ✓ Visual Communication & Design
- ✓ Digital Content Creation
- ✓ Corporate Video & Multimedia
- ✓ Social Media Strategy & Management
- ✓ Campaign Development

FEATURED PROGRAMS & EVENTS

Public Program: Introduction to AI – Building the Foundation

Knowledge sharing on the fundamentals of AI and its business applications.

Work Smarter With AI: Practical Skills for Everyday Use. PT. Asian Bulk Logistics (Batch 1)

Hands-on workshop equipping teams with AI tools for daily productivity.

Our Dedicated Team

Leadership & Strategic Advisory Team

J. Rajes Khana, Ph. D

Ph.D. in Computer Science
Universiti Sains Malaysia

Managing Director

A distinguished academic leader and researcher with over 24 years of experience in higher education administration, with multiple publications in peer-reviewed journals focusing on information security, health systems, and AI-driven detection technologies. As the Rector of Universitas 17 Agustus 1945 Jakarta, he successfully grew the student body from 300 to 3,300, achieved "Very Good" institutional accreditation, and was honored with the 2024 Gold Pin Award for Rector Achievement. He currently serves as the Managing Director at ITSB Corporation, where he leads strategic management, business growth, and technology usage initiatives.

Tina Melinda

Ph.D. (c) in Strategic Management
Universitas Pelita Harapan

Head of IIRC (ITSB Innovation and Research Centre)

A highly accomplished Human Capital expert and Certified Psychologist with over 15 years of experience in organizational development, talent management, and strategic leadership. She specializes in aligning people strategies with corporate vision to drive organizational culture and performance. She combines deep psychological insights with strategic business acumen. Her unique blend of clinically based organizational assessment and strategic management makes her a formidable leader in transforming human capital into a sustainable competitive advantage.

Saldy Fitrianda, M.T., CFRM

Master's Degree in Town Planning
Institut Teknologi Bandung

Head of Consulting

A seasoned business and investment professional with extensive experience in private equity investments across the property and construction sectors. He has led strategic transactions, development projects, and asset management initiatives for institutional and strategic investors, combining financial acumen with a strong understanding of business growth, value creation, and long-term investment performance.

Dr. Dani Lukman Hakim, S.P

Ph.D. in Soil Science
Universitas Gadjah Mada

Head of Discovery

A senior academic and soil scientist with over two decades of experience in higher education and research. He serves as a lecturer and researcher at Institut Teknologi Sains Bandung (ITSB). His expertise spans pedology, land suitability evaluation, soil management, and soil and water conservation, with a strong focus on advancing sustainable land resource management through research, innovation, and academic leadership.

Wulan Ranny

Certified Human Resource Professional
Atma Jaya Catholic University of Indonesia

Head of Shared Services and Executive Education

A high-impact Human Capital Strategist and Culture Architect with over 25 years of diverse leadership experience spanning retail, tech, advertising, and startups. A CHRP-certified professional and a Top 10 HR Voice in Indonesia, she specializes in driving organizational transformation through empathy-led strategy and future-ready people operations. Her impressive portfolio includes Head of People Engagement & Culture at TechConnect, Secretary General at PMSM Indonesia. She is also creator and co-founder of "HR on Duty" podcast and AhensiexAhensi.

Bimo Dwiputro

Certified Business Economics Professional
University Prasetya Mulia

Strategic Initiatives Specialist

A results-oriented Strategic Initiative Specialist and Business Development leader with a strong track record in driving revenue growth, fostering community relationships, and launching innovative financial products. He is currently recognized for his expertise in the MSME (Micro, Small, and Medium Enterprises), particularly in strategic business planning. His ability to scale revenue while building strong community-based professional relationships makes him a valuable asset for organizations looking to drive sustainable growth in competitive markets.
